

The Opportunity

Keys to a New Beginning

The Angels Over Cliffs Homecoming is our premier annual fundraising event, bringing together community leaders, business owners, philanthropists, elected officials, and compassionate individuals committed to helping families move from crisis to stability.

Our 2026 theme, Keys to a New Beginning, celebrates the transformative journey from homelessness and housing instability to hope, healing, and permanent housing. Funds raised directly support Angels Over Cliffs' housing assistance, emergency motel stays, children's programs, meals, life-skills education, transportation assistance, and wraparound services for vulnerable families throughout Riverside County.

The event will feature an elegant dinner, inspiring success stories, entertainment, live and silent auctions, community recognition, and opportunities for attendees to invest in life-changing solutions for local families.

Sponsor Return on Investment (ROI)

Sponsoring the Homecoming Event provides meaningful visibility while demonstrating your organization's commitment to strengthening our community.

Benefits may include:

- Exposure to community leaders, business professionals, donors, and civic influencers
- Recognition through event signage, printed materials, social media, website promotion, and event presentations
- Positive brand association with one of the region's most impactful family homelessness organizations
- Networking opportunities with community partners, elected officials, and business leaders
- Enhanced corporate social responsibility and community engagement
- Demonstrated support for housing stability, family empowerment, and local solutions to homelessness

Most importantly, sponsors help families unlock new beginnings and build brighter futures.

Together, we are not simply funding an event, we are opening doors, creating opportunities, and placing keys into the hands of families ready to come home.

Together, we are changing lives.
THANK YOU FOR BEING PART OF THE MISSION!

Real People. Real Challenges. Real Change.

Mark and Yvette's story below is real. They came to us scared, unhoused, and unsure. Today they are sleeping in a warm, safe apartment, *because someone like you had their back.*

When Mark and his mother, Yvette, lost their apartment in July 2023, they didn't know where to turn. With Mark's sister moving out of state and taking her share of the rent with her, their world unraveled. Facing eviction and without family nearby, Mark and Yvette began living and sleeping in their car.

Mark, 34, is autistic and has worked full-time at Stater Brothers since 2019. Yvette battles serious health conditions. Despite their resilience, they needed help.

They found it at Angels Over Cliffs.

In June 2024, they entered our program and received immediate relief: emergency motel shelter, nourishing food, hygiene essentials, and perhaps most important, compassion.

Our case management team got to work. Within months, Mark and Yvette moved into safe, permanent housing. We helped cover their first month's rent and security deposit.

Today, they're not just Housed - they're Thriving.

They continue to work with our team, attend budgeting and credit repair workshops, and are now part of a supportive community. As we help Yvette apply for disability assistance, Mark continues to show up every day - for his job, his mom, and their shared future.

***This is what Loving People Back to Life looks like.
It's possible because of people like you!***
